

4 WAYS TO STAY SAFE ONLINE

Simple and practical tips to help you stay safe and secure online at school and home.

1. PROTECT YOUR ONLINE ACCOUNTS.

Use strong and unique passwords, combined with multi-factor authentication to protect your online accounts.

2. SECURE YOUR U OF T LOGIN.

U of T's multi-factor authentication service, UTORFMA, adds an extra layer of protection to your U of T accounts. It is quick and easy to enrol!

3. PROTECT YOURSELF AGAINST ONLINE FRAUD.

Emails are commonly used by malicious actors to trick users into revealing personal information or taking other unsafe actions. Pause to think before responding to unusual email requests and look out for malicious attachments and links in emails.

4. PROTECT YOUR DEVICES.

Install anti-virus software with automatic updates on your devices. Also, keep the operating system and applications on your devices up-to-date to protect against security vulnerabilities.
